## Product information sheet

|  |        |                                 |   | Paulmann |   |  |      |                                 |      |
|--|--------|---------------------------------|---|----------|---|--|------|---------------------------------|------|
| Supplier's name or trade mark:   |        |                                 | Paulmann Licht GmbH   |          |   |  |      |                                 |      |
| Supplier's address<br>Model identifier:<br>Type of light source:   |        |                                 | Quezinger Feld 2, DE-31832 Springe-Völksen<br>92469<br>LED  |          |   |  |      |                                 |      |
|  |        |                                 |   |          | Lighting technology used:                           |  | LED  | Non-directional or directional: | NDLS |
|  |        |                                 |   |          | Light source cap-type (or other electric interface) |  | Coin |                                 |      |
| Mains or non-mains:  |        | MLS                             | Connected light source (CLS):   | no       |   |  |      |                                 |      |
| Colour-tuneable light source:  |        | no                              | Envelope:   | no cover |   |  |      |                                 |      |
| High luminance light source:   |        | no                              |   |          |   |  |      |                                 |      |
| Anti-glare shield:   |        | no                              | Dimmable:   | ja       |   |  |      |                                 |      |
| Product parameters   |        |                                 |   |          |   |  |      |                                 |      |
| Parameter  |        | Value                           | Parameter   | Value    |   |  |      |                                 |      |
|  |        | Genera                          | I product parameters:   |          |   |  |      |                                 |      |
| Energy consumption in on-mode (kWh/1<br>000 h), rounded up to the nearest<br>integer   |        | 5                               | Energy efficiency class:  | F        |   |  |      |                                 |      |
| Useful luminous flux (Φuse), indicating<br>if it refers to the flux in a sphere (360°),<br>in a wide cone (120°) or in a narrow<br>cone (90°)    |        | 430 at 360 °                    | Correlated colour temperature, rounded<br>to the nearest 100 K, or the range of<br>correlated colour temperatures,<br>rounded to the nearest 100 K, that can<br>be set: | 3000     |   |  |      |                                 |      |
| On-mode power (Pon), expressed in W  |        | 4,9                             | Standby power (Psb), expressed in W and rounded to the second decimal   |          |   |  |      |                                 |      |
| Networked standby power (Pnet) for<br>CLS, expressed in W and rounded to the<br>second decimal   |        |                                 | Colour rendering index, rounded to the<br>nearest integer, or the range of CRI-<br>values that can be set   | 80       |   |  |      |                                 |      |
| Outer dimensions<br>without separate<br>control gear,<br>lighting control<br>parts and non-<br>lighting control<br>parts, if any<br>(millimetre) | Height | 47                              | Spectral power distribution in the range 250 nm to 800 nm, at full-load   |          |   |  |      |                                 |      |
|  | Width  | 50                              |   |          |   |  |      |                                 |      |
|  | Depth  | 50                              |   |          |   |  |      |                                 |      |
| Claim of equivalent power  |        | yes                             | If yes, equivalent power (W)  | 37 W     |   |  |      |                                 |      |
|  |        | Chromaticity coordinates (x and | 0,45  |          |   |  |      |                                 |      |
|  |        | y)                              | 0,41  |          |   |  |      |                                 |      |
|  |        | Parameters f                    | or directional light sources:   |          |   |  |      |                                 |      |
| Peak luminous intensity (cd)   |        |                                 | Beam angle in degrees, or the range of beam angles that can be set  | 100      |   |  |      |                                 |      |
|  |        | Parameters for                  | LED and OLED light sources:   |          |   |  |      |                                 |      |
| R9 colour rendering index value  |        | 11                              | Survival factor   | 100      |   |  |      |                                 |      |
| The lumen maintenance factor   |        | 70                              |   |          |   |  |      |                                 |      |
|  |        | Parameters for LE               | D and OLED mains light sources:   |          |   |  |      |                                 |      |
| Displacement factor (cos φ1)   |        | 0,54                            | Colour consistency in McAdam ellipses   | SDCM 6   |   |  |      |                                 |      |
| Claims that an LED light source<br>replaces a fluorescent light source<br>without integrated ballast of a p articular<br>wattage.                |        | no                              | If yes, then replacement claim (W)  |          |   |  |      |                                 |      |
| Flicker metric (Pst LM)  |        | 0                               | Stroboscopic effect metric (SVM)  | 0        |   |  |      |                                 |      |
|  |        |                                 |   |          |   |  |      |                                 |      |
